Family • Group Services

Who We Serve

Community Counseling Services of California Lutheran University provides affordable counseling to the families, children, couples and individuals of Ventura and Western LA counties. Services are provided in English or Spanish by graduate trainees pursuing their Master's or Doctoral degrees. The trainees are closely supervised by experienced licensed clinicians. We serve 1,000 clients annually and provide over 14,000 sessions per year. Our clinics value diversity and individuals of all identities. We provide multiculturally-sensitive and LGBTQ-affirming services.

Specialized Programs

As well as providing counseling services in our general clinic, we offer specialized programs in intimate partner violence (IPV), dialectical behavior therapy (DBT), acceptance and commitment therapy (ACT), and firefighter/EMS assistance. We also provide group therapy for a variety of topics depending on client needs, such as parenting groups and empowerment groups.

Cost

Fees are based on an assessment of after-tax household income and the number of dependents living in the home. The cost of every intake (first in-person appointment) is \$20 and most clients pay between \$20 and \$50 for individual therapy sessions and \$10 per session for group therapy. For those in need, we work to access grant funding to assist with temporary fee reductions. The clinic does not take insurance.

How to Make an Appointment

If you would like to begin services at one of our clinics, please call the clinic that is most conveniently located near you. During your initial phone call, we will talk with you about our services, gather some general information about why you are seeking counseling, and schedule a first appointment. You will work with your counselor in the first appointment to see if Community Counseling Services is the best fit for you.
